

Aurora Foxes is a specialist college and training hotel for young people with learning disabilities, situated in the friendly seaside town of Minehead. Our aim is to help our students find sustainable employment in the hospitality sector and to live independently. We believe in changing lives by giving our students the skills, knowledge and confidence to successfully shape their own futures. Our motto is 'work ready, life ready'.

We are a Disability Confident Leader, in recognition of our success in changing perceptions about employing people with disabilities. Foxes Hotel has also won three TripAdvisor Awards.

Foxes Hotel is the UK's only fully operating training hotel for young people with learning disabilities. We welcome everyone, families, groups, individuals and educational establishments, even well behaved dogs. Industry professional tutors teach our students in the real environment of Foxes Hotel. From day one, our students gain skills in food service, food preparation and front-of-house.

Our students live in residential houses within Minehead. They have beautifully furnished rooms, as part of a comfortable, cosy and happy home. Each house has a different level of staffing, supervised by a highly experienced Team Leader and Deputy Team Leader. Each house offers different experiences. By their final year of education, our students will be able to live as independently as possible: getting up for work experience, washing, dressing, shopping, cooking, cleaning and travelling independently to familiar places – just like any young person in further education!

Aurora Foxes' curriculum prepares and supports its' students through formal partnerships with national hospitality employers. With our students coming from all over the UK, these partnerships can offer a great route into employment after leaving Aurora Foxes.
